## Commissioner's Foreword

It is my honour to succeed Mr TAM Tai-pang as the Commissioner and report the 2024-25 Annual Report of the Inland Revenue Department.

In the year 2024-25, the total revenue collected by the Department was \$374.5 billion which represents an increase of \$32.5 billion or 9.5% as compared with the previous year. The increase mainly came from profits tax, salaries tax and stamp duty for stock transactions.

Hong Kong's moderate economic growth resulted in a 4.2% increase in profits tax collection. The reduction in the maximum amount of tax reduction for the year of

assessment 2023-24, combined with continued wages and earnings growth, contributed to a rise of 11.3% in salaries tax collection. Whilst the residential property market remained subdued in 2024, the local stock market experienced a strong rebound in the year leading to an overall upsurge of 30.1% in stamp duty collection.

To implement various tax measures proposed in the 2023 Policy Address and the 2024-25 Budget, the following amendment bills were enacted during 2024-25:

- The Inland Revenue (Amendment) (Tax Concessions and Two-tiered Standard Rates) Ordinance 2024 implemented, among others, a two-tiered standard rates regime for salaries tax and tax under personal assessment, and to increase the deduction ceiling amounts for home loan interest and domestic rents for eligible taxpayers with new born children.
- The Inland Revenue (Amendment) (Tax Concessions for Intellectual Property Income) Ordinance 2024 provided tax concessions for qualifying profits sourced in Hong Kong and derived from eligible intellectual properties created through research and development activities.

- The Stamp Duty Legislation (Miscellaneous Amendments) Ordinance 2024 waived the stamp duty payable on the transfer of shares or units of real estate investment trusts and on transactions amounting to jobbing business of options market makers.
- The Inland Revenue (Amendment) (Tax Deductions for Leased Premises Reinstatement and Allowances for Buildings and Structures) Ordinance 2024 introduced a deduction for expenses incurred for reinstating the condition of leased premises to their original condition under profits tax, and removed the time limit for claiming annual allowances in respect of industrial/commercial buildings or structures.
- The Inland Revenue (Amendment) (Tax Deductions for Assisted Reproductive Service Expenses) Ordinance 2025 introduced a deduction for assisted reproductive service expenses under salaries tax and personal assessment.

With a view to easing the burden of buyers of residential and non-residential properties at lower values, the maximum value of properties chargeable to \$100 stamp duty are raised from \$3 million to \$4 million with effect from February 26, 2025 as announced in the 2025-26 Budget. The Stamp Duty (Amendment) Ordinance 2025 was enacted in May 2025 to give effect to the proposal.

In order to fulfil Hong Kong's international obligation to tackle cross-border tax evasion and safeguard our taxing rights, the Inland Revenue (Amendment) (Minimum Tax for Multinational Enterprise Groups) Ordinance 2025 was enacted to implement the global minimum tax in accordance with the Base Erosion and Profit Shifting (BEPS) 2.0 framework promulgated by the Organisation for Economic Co-operation and Development, and a related Hong Kong minimum top-up tax from 2025 onwards.

In 2024-25, Hong Kong has continued the efforts to expand its tax treaty network, and entered into tax treaties with Armenia and Türkiye. Besides, Hong Kong conducted negotiations of tax treaties with Venezuela, Rwanda, Barbados and completed the second round of negotiations with Kyrgyzstan. As at 31 March 2025, Hong Kong has signed comprehensive avoidance of double taxation agreements/arrangements with 51 jurisdictions. Hong Kong will continue to engage other tax jurisdictions in negotiating comprehensive avoidance of double taxation agreements so as to expand the tax treaty network.

The 5<sup>th</sup> Belt and Road Initiative Tax Administration Cooperation Forum (BRITACOF) was hosted by the Department at the AsiaWorld-Expo from 24 to 26 September 2024. It is the first time that Hong Kong has hosted this annual mega event in the international tax community. The 5<sup>th</sup> BRITACOF is particularly meaningful as it was the largest event ever hosted by the Department since its establishment. The 5<sup>th</sup> BRITACOF

attracted about 500 tax officials, tax experts, as well as representatives from international organisations, academic institutions and enterprises from nearly 50 countries and regions to discuss emerging tax issues and exchange tax administration experiences under the theme "Deepening Tax Administration Cooperation for High-Quality Belt and Road Development". The exchange of tax administration experiences has deepened relations among countries and regions, contributing to the high-quality Belt and Road development. Hong Kong also took the opportunity of the 5<sup>th</sup> BRITACOF to deepen tax co-operation within the Guangdong-Hong Kong-Macao Greater Bay Area and facilitates Hong Kong's active integration into the overall national development.

The year 2024-25 was a busy and fulfilling one. In addition to handling tax assessment and collection matters, my colleagues devoted their efforts to organising the 5<sup>th</sup> BRITACOF, which was successfully held. At the same time, my colleagues also carried out various preparatory works for the implementation of the BEPS 2.0 and the New Tax Portals launched in July 2025. I wish to express my hearty thanks to my colleagues for their dedication and hard work in achieving various goals. As we always do, we are committed to facing challenges with professionalism and positive attitude and providing high-quality services to the public.

## Revenue

In 2024-25, the Inland Revenue Department collected \$374.5 billion, which represents an increase of \$32.5 billion or 9.5% as compared with the previous year. The increase mainly came from salaries tax and stamp duty. Salaries tax and stamp duty collections increased by 11.3% to \$88.9 billion and 30.1% to \$63.9 billion respectively. Profits tax collections also increased by 4.2% to \$177.7 billion. An analysis of the revenue collected by tax type is provided in **Figure 1**.

In 2024-25, the cost of collection remained at 0.6% (**Figure 4**).

# Assessing Functions

The Department raises revenue through taxes, duties and fees in accordance with the relevant legislation. Earnings and profits tax are assessed by reference to the incomes / profits of the taxpayers in the previous year, whereas duties and fees are charged at the time the relevant activities occur. For 2024-25, earnings and profits tax assessed increased by \$28.2 billion (10.9%) (**Schedule 2**) as compared with the previous year. The total amount of duties and fees collected increased by \$15.3 billion (19.1%).

#### **Profits Tax**

Profits tax is levied on individuals, corporations, bodies of persons and partnerships, in respect of assessable profits arising in or derived from Hong Kong. For the year of assessment 2023-24, the two-tiered profits tax rates remain unchanged. The profits tax rate for the first \$2 million of assessable profits is 8.25% for corporations and 7.5% for unincorporated businesses. Profits above that amount are subject to the tax rate of 16.5% and 15% respectively. For two or more connected entities, only one of them may elect for the two-tiered profits tax rates. The amount of profits tax assessed in 2024-25 was \$180.6 billion, which was \$18.7 billion (11.6%) more than that of the previous year (**Figure 5**).

The amounts of final tax assessed in respect of different business sectors are shown in **Schedules 3** and **4**. Of the total final tax assessed on corporations for the year of assessment 2023-24, the property, financial and banking sectors together contributed 40.3% and the distribution sector generated 30.5% (**Figure 6**).

#### **Salaries Tax**

Salaries tax is charged on all incomes from any office (e.g. a directorship) or employment and pension arising in or derived from Hong Kong. The total amount of tax payable is restricted to the standard rate (15%) on the net total income (without deduction of allowances) of the individual concerned.

As compared with the previous year, the number of salaries tax assessments made during 2024-25 increased by 6.8%. The rise in wages and earnings, coupled with the lowering of the ceiling of tax reduction for each salaries tax case by 50% to \$3,000, had led to a 9.6% increase in the amount of tax assessed (**Figure 7**).

Figure 7 Salaries tax assessments

Analyses of salaries tax assessments and allowances granted in respect of taxpayers at various income levels for the year of assessment 2023-24 are provided in **Schedules 5** and **6** 

The gender ratio of the salaries taxpayers for the year of assessment 2023-24 is 53.2% male and 46.8% female (**Figure 8**).

For the year of assessment 2023-24, the number of standard rate taxpayers decreased by 200 to 26,719. These taxpayers together contributed 27.8% of the final salaries tax assessed, a decrease of 3% compared with last year (**Figure 9**).

#### **Notification Requirements of Employers**

Employers are required to notify the Department of commencements and cessations of employment as well as employees' impending departure from Hong Kong for more than 1 month. Besides, employers are required to prepare annual employer's returns to report the emoluments of each of their employees. During the year, 388,985 employers filed employer's returns with the Department.

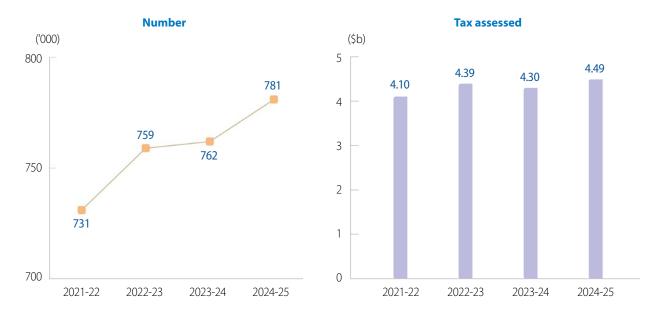

The Department provides e-Seminars and disseminates tax information to employers on the IRD website to help them understand the relevant statutory requirements. The contents cover completion of employer's returns, employer's obligations and answers to frequently asked questions. Employers can also obtain specimens of completed employer's returns and notifications through the Fax-A-Form service.

## **Property Tax**

Property owners (including corporations) are subject to property tax which is charged at the standard rate (15%) in respect of the net assessable value of the property. Rents received from properties solely owned by individuals should be declared in Tax Returns - Individuals (BIR60); whilst rents received from properties jointly owned or co-owned by individuals or properties held by corporations / bodies of persons should be declared in Property Tax Returns (BIR57 / BIR58). Property owners that pay property tax in respect of premises used for their businesses can have such payments set off against their profits tax liabilities. For corporations, income arising from properties owned by them is also subject to profits tax at the corporation rate. To obviate the need for yearly set-off of property tax against profits tax, a corporation can apply for exemption of property tax on the property concerned.

Statistics on the classification of properties and classification by number of owners, based on the records of the Department, are provided in **Schedule 7**. The number of assessments made in 2024-25 was more than that in the previous year by 2.5%. The amount of property tax assessed increased by 4.4% (**Figure 10**).

Figure 10 Property tax assessments

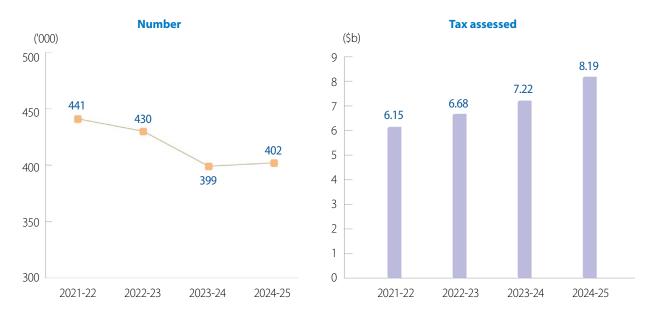

#### **Personal Assessment**

If an individual has income chargeable to profits tax and/or property tax, the individual may elect for personal assessment. Under personal assessment, all the incomes of the taxpayer are aggregated and, after deduction of allowances, are assessed at the progressive tax rates applicable to salaries tax. From the year of assessment 2018-19 onwards, a married person may elect for personal assessment separately from or jointly with the person's spouse. In appropriate circumstances, this would reduce the tax liability of the taxpayer or the total tax liability of the taxpayer and the taxpayer's spouse.

As compared with the previous year, the number of personal assessments made in 2024-25 increased by 0.7% and the amount of tax assessed was 13.4% higher (**Figure 11**).

Figure 11 Assessments made under personal assessment

### **Advance Rulings**

Taxpayers may apply for an advance ruling on how a provision of the Inland Revenue Ordinance applies in relation to a particular arrangement. A fee is charged for the service on a "cost recovery" basis. The applicant is required to pay an initial application fee of \$45,000 for a ruling concerning the application of the "Territorial Source Principle" in a profits tax case, or \$15,000 for a ruling on any other matter. An additional fee is payable if the processing time exceeds the specified limit. The Department endeavours to respond within 6 weeks of the date of application, provided that all relevant information is supplied with the application and further information from the applicant is not required.

During 2024-25, the Department completed the processing of 308 advance ruling applications (**Figure 12**). Most of the applications were for rulings on profits tax matters.

## **Objections**

A taxpayer who is aggrieved by an assessment may lodge a notice of objection to the Commissioner within the prescribed time limit. If the objection is against an estimated assessment raised in the absence of a tax return, a properly completed return, together with the supporting accounts where applicable, must also be accompanied with the notice of objection. A significant proportion of the objections received each year arise from estimated assessments. Most of these objections are settled promptly by reference to the returns subsequently received. Many of the other types of objections are also settled by agreement between the taxpayers and the assessors concerned. Only relatively few objections are ultimately referred to the Commissioner for determination. During 2024-25, the Department completed the processing of 134,296 objections (**Figure 13**).

## Appeals to the Board of Review

A taxpayer who is dissatisfied with the Commissioner's determination of his objection may appeal to the Board of Review (Inland Revenue Ordinance) (the Board). The Board is an independent statutory body. As at 31 March 2025, the Board consisted of a chairman and 6 deputy chairmen, who have legal training and experience, as well as 67 members. During 2024-25, the Board settled 33 appeal cases (**Figure 14**).

### **Appeals to the Courts**

A decision of the Board is final, provided that either the taxpayer or the Commissioner may, pursuant to section 69 of the Inland Revenue Ordinance, appeal to the Court of First Instance against the Board's decision on a question of law. Before 1 April 2016, taxpayers or the Commissioner could only appeal to the Court by way of case stated from the Board. With effect from that date, the case stated procedure was abolished and no appeal may be made unless leave to appeal has been granted by the Court, on the application of the taxpayer or the Commissioner.

During 2024-25, the Court of First Instance disposed of 4 appeals of which 2 appeals were withdrawn by taxpayers by way of consent. In an appeal related to source of profits, the Court remitted the case to the Board for a new hearing. In another appeal concerning the deductibility of management fees to a related company, the Court ruled against the taxpayer and the taxpayer has appealed to the Court of Appeal.

During the year, the Court of Appeal handed down a judgement concerning the locality of royalty income. The Court ruled that part of the royalty income was not derived from Hong Kong and ordered a remittal of the case to the Board to consider apportionment of onshore and offshore income.

The Hong Kong Court of Final Appeal Ordinance provides that, a taxpayer or the Commissioner may, with the leave of the Court of Appeal or the Court of Final Appeal, appeal against the judgment of the Court of Appeal. During 2024-25, there was no tax appeal to the Court of Final Appeal.

Figure 15 sets out the statistics concerning appeals to the Courts during 2024-25.

## **Business Registration**

The Department aims to maintain an efficient business registration system. A person carrying on a business in Hong Kong must register the business and pay the required fee and levy. The number of business registrations as at 31 March 2025 stood at 1,591,678. It was 13,771 more than that as at 31 March 2024 (**Figure 16**).

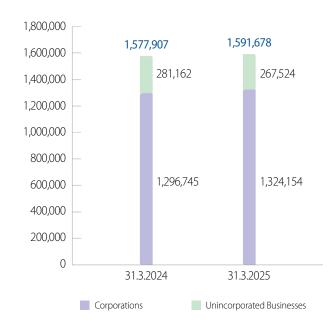

Business registration certificates are generally valid for one year, but businesses may elect for 3-year certificates. As at 31 March 2025, 33,529 businesses held 3-year certificates.

The amount of business registration fees and penalties collected in 2024-25 increased to \$3,327 million. It represents an increase of 18.1% compared with last year (**Figure 17**). Business registration statistics are set out in **Schedule 8**.

Under the Business Registration Ordinance, a small business with average monthly sales or receipts below a specified limit (\$10,000 for businesses deriving profits mainly from the sale of services, and \$30,000 for other businesses) can apply for exemption from payment of the business registration fee and levy. Where an application for exemption is not allowed, the business operator may appeal to the

Administrative Appeals Board. The number of exemptions granted during 2024-25 was 21,750, representing an increase of 30.2% from the previous year. No appeal case was received by the Board during 2024-25.

## **Stamp Duty**

Stamp duty is charged on instruments effecting property transactions, stock transactions and leasing of property in Hong Kong (**Figure 18**).

Figure 18 Composition of stamp duty collections

Overall, there was an increase of 30.1% (\$14.8 billion) in the total stamp duty collection for the year 2024-25 (**Figure 19** and **Schedule 9**). The increase in the total stamp duty collection is attributable to the substantial increase in stamp duty collected from share transactions.

### **Estate Duty**

Estate duty is charged on a deceased person's estate situated in Hong Kong. The threshold for levying duty is \$7.5 million and the duty rates range from 5% to 15%, depending on the value of the estate.

The Revenue (Abolition of Estate Duty) Ordinance 2005 came into effect on 11 February 2006 abolishing estate duty in respect of persons who passed away on or after that date. The estate duty chargeable in respect of estates of persons died between the period 15 July 2005 to 10 February 2006, with the principal value exceeding \$7.5 million, is reduced to a nominal amount of \$100. The number of new cases stood at 343 in 2024-25, a decrease of 3.9% from last year (**Figure 21**).

Figure 20 Composition of estates for dutiable cases

Figures 20 and 21 show the composition of estates for dutiable cases and cases processed for the past two years.

Estate duty of \$10.06 million was collected during the year (**Schedule 10**), a decrease of \$0.12 million (1.2%) compared with the previous year.

Estate duty is payable on delivery of an estate duty affidavit or account (or within 6 months from the date of the deceased's death, whichever is the earlier). \$5.63 million was received during the year in advance of the issue of formal assessments (**Schedule 10**).

### **Betting Duty**

Betting duty is charged on the net stake receipts from betting on horse races and football matches and on the proceeds of Mark Six lotteries, all administered by the Hong Kong Jockey Club (HKJC). In 2024-25, the rates of betting duty on these betting activities remained unchanged (**Figure 22**). Furthermore, special football betting duty of \$2.4 billion is imposed on the HKJC annually for five years starting from 2023-24.

#### **Tax Reserve Certificates**

Taxpayers may purchase Tax Reserve Certificates (TRCs) under two situations.

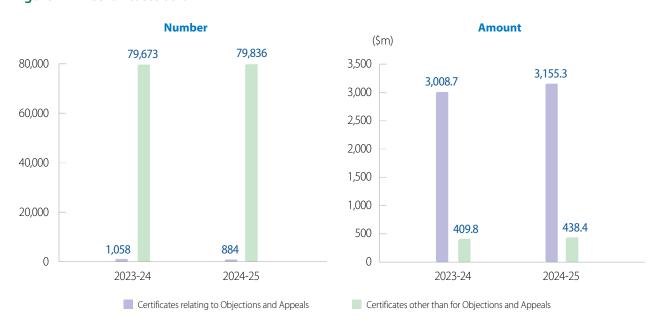

The first situation applies to taxpayers who wish to save for the payment of their future tax liabilities. The Department has set up two schemes, namely the "Electronic Tax Reserve Certificates Scheme" for all taxpayers and the "Save-As-You-Earn" (SAYE) Scheme for civil servants and civil service pensioners. With a Tax Reserve Certificate account, taxpayers may purchase TRCs by various channels, including bank auto-pay, telephone, the Internet and bank ATM. Under the "SAYE Scheme", civil servants and civil service pensioners can purchase TRCs through monthly deductions from their salaries / pensions. Interest is payable on the TRCs when they are redeemed for settlement of tax liabilities, based on the interest rate prevailing at the time of purchase, for a maximum period of 36 months from the date of purchase.

In 2024-25, the number and amount of TRCs sold under the "Electronic Tax Reserve Certificates Scheme" increased by 2.9% and 8.4% respectively. For the "SAYE Scheme", there was a decrease of 2.7% in the number but an increase of 1.5% in the amount of TRCs sold (**Schedule 12**). Overall, the total amount of TRCs sold under the "Electronic Tax Reserve Certificates Scheme" and "SAYE Scheme" increased by 7% (**Figure 24**).

The second situation applies to taxpayers who object to tax assessments and are required to purchase TRCs in respect of the tax in dispute. Such TRCs are used to settle any tax found payable upon the finalisation of the objection or appeal. Interest is only payable on the amount of the TRC, if any, subsequently required to be repaid to the taxpayer, and is computed at floating rates over the tenure of the TRC.

In 2024-25, there was a decrease of 16.4% in the number of TRCs sold under tax in dispute but an increase of 4.9% in the amount of TRCs sold under tax in dispute (**Figure 24** and **Schedule 12**).

## International Tax Collaboration

## **Tax Treaty Network**

Double taxation arises where the same item of income or profit of a taxpayer is subject to tax in Hong Kong as well as in another tax jurisdiction. A wide tax treaty network can help minimise exposure of Hong Kong residents and residents of the tax treaty partners to double taxation. It will also facilitate the flows of trade, investment and talent between Hong Kong and the rest of the world, and enhance Hong Kong's competitiveness as an international financial, investment and commercial hub.

As at 31 March 2025, Hong Kong has signed comprehensive avoidance of double taxation agreements /

arrangements (DTAs) with 51 jurisdictions. They are Armenia, Austria, Bahrain, Bangladesh, Belarus, Belgium, Brunei, Cambodia, Canada, the Chinese Mainland, Croatia, the Czech Republic, Estonia, Finland, France, Georgia, Guernsey, Hungary, India, Indonesia, Ireland, Italy, Japan, Jersey, Korea, Kuwait, Latvia, Liechtenstein, Luxembourg, the Macao Special Administrative Region, Malaysia, Malta, Mauritius, Mexico, the Netherlands, New Zealand, Pakistan, Portugal, Qatar, Romania, Russia, Saudi Arabia, Serbia, South Africa, Spain, Switzerland, Thailand, Türkiye, the United Arab Emirates, the United Kingdom and Vietnam. The DTAs set out the allocation of taxing rights over different types of income, and provides for dispute resolution and exchange of information between competent authorities.

Hong Kong also makes use of tax information exchange agreements (TIEAs) as instruments for exchange of information with appropriate partners. As at 31 March 2025, Hong Kong has signed TIEAs with 7 jurisdictions. They are Denmark, the Faroes, Greenland, Iceland, Norway, Sweden and the United States of America.

Hong Kong is committed to enhancing tax transparency and preventing tax evasion. The Central People's Government has deposited a declaration to the Organisation for Economic Cooperation and Development (OECD) for extending the application of the Convention on Mutual Administrative Assistance in Tax Matters (MAC) to Hong Kong. With the entry into force of the MAC in Hong Kong on 1 September 2018, Hong Kong can now ride on a

multilateral platform under the MAC to implement various forms of administrative co-operation in the assessment and collection of taxes, including exchange of information on request, automatic exchange of financial account information and automatic exchange of country-by-country reports and spontaneous exchange of information on tax rulings under the base erosion and profit shifting (BEPS) package promulgated by the OECD.

As part of Hong Kong's commitment to meet the minimum standards of the BEPS package, Hong Kong completed the legislative procedures to give effect to the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting (BEPS MLI) in Hong Kong in the year 2022-23. The BEPS MLI, which was signed by the Central People's Government and is applied to Hong Kong, modifies the application of the covered DTAs of Hong Kong so as to swiftly implement the BEPS measures to prevent tax treaty abuse and improve dispute resolution mechanism. The relevant provisions of the BEPS MLI take effect in Hong Kong with respect to a covered DTA on 1 April 2023 (for taxes withheld at source) or on 1 April 2024 (for other taxes) at the earliest, depending on the timing of the completion of the ratification and other relevant procedures by the DTA partners.

## **Advance Pricing Arrangement**

An Advance Pricing Arrangement (APA) is an arrangement that determines, in advance of controlled transactions, an appropriate set of criteria for the determination of the transfer pricing for those transactions over a fixed period of time. It provides a tool for multinational enterprises to manage and mitigate the transfer pricing risk on a prospective basis.

A unilateral APA is an arrangement between the Commissioner and a person concerning the transfer pricing of controlled transactions. As the APA process does not involve the agreement with a DTA partner, it does not guarantee the agreement of the DTA partner to the arrangement made.

A bilateral APA is an arrangement between the Commissioner and the competent authority of a DTA partner concerning the transfer pricing of controlled transactions. It provides certainty to a person that double taxation will not arise. The same also applies to a multilateral APA which is a similar arrangement involving the partners of two or more DTAs.

The Department rolled out the APA programme in April 2012 and introduced a statutory APA regime in July 2018. Up to 31 March 2025, the Department has received quite a number of unilateral and bilateral APA applications which involve DTA with different partners including the Chinese Mainland, Indonesia, Italy, Japan, Korea, Malaysia, the Netherlands, Thailand and the United Kingdom. These cases are currently under different stages of the APA programme and a few of them have already been completed.

## **Automatic Exchange of Financial Account Information**

For the purposes of enhancing tax transparency and combating cross-border tax evasion, the OECD released in July 2014 a new international standard for automatic exchange of financial account information in tax matters (AEOI). In September 2014, Hong Kong indicated its support for implementing AEOI on a reciprocal basis with appropriate partners with a view to commencing the first exchanges in 2018. So far, over 125 jurisdictions have committed to implementing this international standard.

Hong Kong put in place a legislative framework for implementing AEOI in 2016 and developed the related information technology systems in 2017. Reporting financial institutions are required to identify financial accounts held by tax residents of reportable jurisdictions in accordance with the required due diligence procedures, collect the reportable information of these accounts and furnish their Financial Account Information Returns with the required information via the AEOI Portal. In 2024-25, compound penalties were imposed on or warning letters were issued to a few reporting financial institutions for their failure to submit Financial Account Information Returns on time or submission of incorrect Financial Account Information Returns.

Hong Kong will only conduct AEOI with a reportable jurisdiction when an arrangement is in place with the reportable jurisdiction concerned to provide the basis for exchange. Hong Kong first adopted a bilateral basis in implementing AEOI. Later, after the MAC came into force in Hong Kong on 1 September 2018, Hong Kong has been able to take a multilateral approach in implementing AEOI. Hong Kong's network for tax information exchange has been expanded accordingly.

Up to 2024, Hong Kong smoothly completed seven rounds of AEOI with other jurisdictions through the OECD Common Transmission System.

## **Automatic Exchange of Country-by-Country Reports**

Hong Kong put in place a legislative framework for implementing the country-by-country reporting in 2018. The requirements for filing a country-by-country return only apply to a multinational enterprise group whose annual consolidated group revenue reaches the specified threshold amount of HK\$6.8 billion. The primary obligation of filing a country-by-country return is on the ultimate parent entity resident in Hong Kong. A Hong Kong entity of a reportable group whose ultimate parent entity is not resident in Hong Kong will be subject to a secondary obligation of filing if certain conditions are met. The mandatory filing of country-by-country return commenced for accounting period beginning on or after 1 January 2018.

To facilitate Hong Kong entities to comply with their reporting obligations and implementation of automatic exchange of country-by-country reports, the Department has launched the CbC Reporting Portal for submission of returns and data files. Hong Kong has smoothly completed the automatic exchange of country-by-country reports for 2018 to 2023 with exchange partners.

## Collection

Revenue collected by the Department includes tax, additional tax, surcharge and fines. **Schedules 13** and **14** provide details of additional tax, surcharge and fines imposed by the Department in respect of earnings and profits tax during 2024-25.

#### **Collection of Tax**

Taxpayers can conveniently settle their tax liabilities by various payment methods, including electronic payment (by phone, bank ATM, via Faster Payment System (FPS) or via the Internet), payment in person or payment by post. For earnings and profits tax, electronic payment remains the most popular.

#### **Refund of Tax**

Tax refunds were made mainly due to two reasons, namely, overpayment of tax by taxpayers and revision of assessments. There were 680,908 refund cases in 2024-25, representing a decrease of 2%. The total amount of refunds was \$29.5 billion, representing an increase of \$0.8 billion or 2.7% compared with the previous year (**Figure 25**).

## **Recovery of Tax in Default**

Taxpayers should pay tax on or before the due date shown on the demand notes issued to them. The vast majority of taxpayers settle their tax liabilities in a timely manner.

A late payment surcharge of 5% will generally be imposed where tax is in default. If tax debts remain outstanding for more than six months after the due date, the Department may impose a further surcharge of 10% on the total unpaid amount.

Any tax in default is immediately recoverable. Recovery notices can be issued to employers, bankers, debtors and persons holding money on behalf of the defaulting taxpayers to effect collection. Actions may also be commenced in the District Court. **Figure 26** summarises different types of recovery actions taken by the Department.

Figure 26 Recovery action

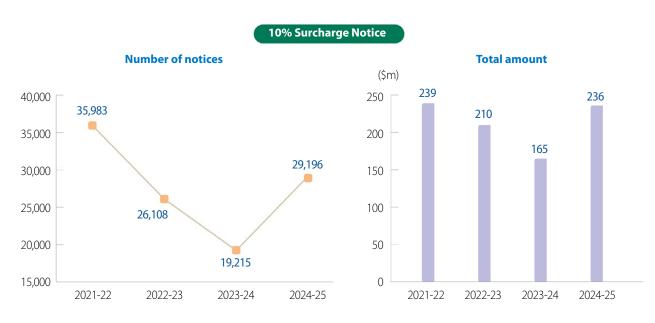

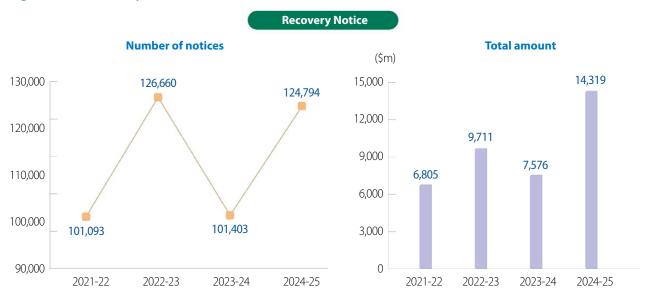

Figure 26 Recovery action (continued)

Upon entry of judgment, a defaulting taxpayer becomes liable to legal costs and interest on judgment debt for the period from the date of commencement of proceedings to the date of full settlement in addition to the outstanding tax. **Figure 27** shows the legal costs and judgment interest collected during 2024-25.

| Total costs and interest collected |            | 16,858,441 |

Furthermore, the Commissioner may apply to a District Judge to prevent a person with tax in default from leaving Hong Kong. If the District Judge is satisfied that it is in the public interest to ensure that the person does not depart from Hong Kong, or if he returns, does not depart again, without first paying the tax or furnishing security to the satisfaction of the Inland Revenue Department for payment of that tax, he shall issue the "departure prevention direction". The person concerned has the right to appeal to the Court of First Instance of the High Court against the District Judge's decision.

# Field Audit and Investigation

The Field Audit and Investigation Unit is responsible for conducting field audits and investigations on businesses and individuals with a view to combating tax evasion and avoidance. Back tax is assessed and penalties are generally imposed where discrepancies are detected.

During 2024-25, the Field Audit and Investigation Unit completed 1,803 cases (including tax avoidance cases) and assessed back tax and penalties of about \$2.8 billion (**Figure 28**).

#### **Field Audit**

In 2024-25, there were 17 Field Audit sections. Field audit is conducted on both corporations and unincorporated businesses. The work of field auditors entails site visits to business premises and examination of accounting records of taxpayers in order to ascertain whether correct returns of profits have been made.

#### Anti-tax Avoidance

Two of the 17 Field Audit sections concentrate on tackling tax avoidance schemes, whereas other investigation officers and field auditors handle avoidance cases on an operational need basis. During 2024-25, the Field Audit and Investigation Unit completed 216 tax avoidance cases and assessed back tax and penalties of about \$0.7 billion (**Figure 29**).

# The 5<sup>th</sup> Belt and Road Initiative Tax Administration Cooperation Forum

## Mega Event in the International Tax Community

The Department hosted the 5<sup>th</sup> Belt and Road Initiative Tax Administration Cooperation Forum (BRITACOF) at the AsiaWorld-Expo from 24 to 26 September 2024. This marked a significant milestone as it was the first time Hong Kong staged this prestigious event in the international tax community. As the largest international tax event organized by the Department, the 5<sup>th</sup> BRITACOF was also featured on Hong Kong's 2024 Calendar of Mega Events.

The Forum attracted approximately 500 delegates, including tax officials, experts and representatives from international organisations, academic institutions and business enterprises across 50 countries and regions. Participants gathered to discuss emerging tax issues and share insights on tax administration. Distinguished officiating guests included the Chief Executive, Mr John Lee and the Secretary for Financial Services and the Treasury, Mr Christopher Hui. The Chief Executive delivered the welcome address at the opening ceremony, and formally inaugurating the Forum.

The 5<sup>th</sup> BRITACOF, themed "Deepening Tax Administration Cooperation for High-Quality Belt and Road Development", featured in-depth discussions on five key topics: raising tax certainty, promoting tax administration digitalisation, improving tax environment, reinforcing capacity building of tax administration and optimising tax administration measures in the financial sector. A dedicated Business and Industry Dialogue session fostered interactive communication among tax officials and stakeholders from business and industrial sectors. The then Deputy Commissioner, Mr Benjamin Chan, delivered keynote speeches and participated in the panel discussions, sharing Hong Kong's practices and experiences, and served as moderator for the session on optimizing tax administration in the financial sector.

#### Fruitful Results Yielded

The 5<sup>th</sup> BRITACOF served as an pivotal platform for strengthening tax administration cooperation and capacity building among the Belt and Road Initiative jurisdictions. Over the three-day forum, participants reached consensus on deepening future collaboration and achieved significant outcomes, including four outcomes of the task forces of the Nur-Sultan Action Plan (2022-2024), the release of the Joint Statement of the 5<sup>th</sup> BRITACOF and the Hong Kong Action Plan (2025-2027), the Annual Report of the Belt and Road Initiative Tax Administration Cooperation Mechanism (BRITACOM) (2024), the admission of Maldives Inland Revenue Authority as a new BRITACOM Council member tax administration, and the establishment of the Belt and Road Initiative Tax Academy-Algiers.

#### Deepening Regional and International Tax Cooperation

Hong Kong leveraged the 5<sup>th</sup> BRITACOF to deepen tax cooperation within the Guangdong-Hong Kong-Macao Greater Bay Area (GBA) and with the international community. On the sidelines, The Chief Executive, Mr John Lee met with Mr Hu Jinglin, the Commissioner of the State Taxation Administration, and to witness the signing of a memorandum of understanding (MOU) on tax cooperation within the GBA among the finance and taxation departments of Guangdong Province, Shenzhen, the Hong Kong Special Administrative Region (SAR) and the Macao Special Administrative Region. The MOU aims to promote the coordination of tax administration and services in the GBA and facilitate Hong Kong's active integration into the overall national development. The deepened tax cooperation in the GBA can enhance Hong Kong's tax competitiveness and create a more favourable business environment.

On international front, Secretary for Financial Services and the Treasury, Mr Christopher Hui held bilateral meetings separately with representatives from Kazakhstan, Maldives, Tajikistan and Türkiye to discuss deepening tax cooperation. Our Commissioner also participated in the bilateral meetings. At the margin of the Forum, Mr Christopher Hui signed a comprehensive avoidance of double taxation agreement (CDTA) with the Government of the Republic of Türkiye on behalf of the Hong Kong SAR Government, marking a step forward and further expanding our CDTA network.

#### Cementing Hong Kong's strategic role

The 5<sup>th</sup> BRITACOF's significant outcomes advance the Belt and Road Initiative's goals. Hong Kong, with its globally renowned simple, transparent tax system and efficient administration, is uniquely positioned as "super-connector" and "super-value-adder" for the Belt and Road tax cooperation. Hosting the 5<sup>th</sup> BRITACOF cemented Hong Kong's role as a key functional platform for the initiative and its contribution to a sustainable tax environment. The insights gained are invaluable for enhancing the quality and capacity of our tax administration.

#### **Showcasing Hong Kong**

To showcase Hong Kong's hospitality and tell the good story of Hong Kong, we welcomed delegates with various cultural experiences, including a lion dance and a face-changing performance at the welcome dinner, a Victoria Harbour cruise, visits to the Hong Kong Palace Museum and M+ museum, and rides on Ngong Ping 360 cable cars, highlighting Hong Kong's unique East-meets-West character.

#### Looking ahead

The Department will continue to participate in international tax fora, including BRITACOM and the coming BRITACOFs. This allows Hong Kong to contribute expertise to shaping international tax rules while elevating its global profile. We will leverage our unique position and strength for maintaining deep international connections.

#### The BRITACOM

The Department became a founding member of the BRITACOM in 2019. Established under the lead of the State Taxation Administration, the BRITACOM is a non-profit official mechanism for tax administration cooperation amongst the jurisdictions that subscribe to the Belt and Road Initiative. The BRITACOM consists of the Council, the BRITACOF, the Belt and Road Initiative Tax Administration Capacity Enhancement Group and the Secretariat.

With the vision of facilitating cross-border trade and investment and fostering regional economic growth, the BRITACOM aims at removing tax obstacles and building a growth-friendly tax environment through cooperation and sharing of best practices on tax administration matters, thereby contributing to the fulfilment of inclusive and sustainable development. With the strong support from the international community, the BRITACOM has been a multilateral cooperation platform in taxation promoting knowledge sharing and collaborations among tax administrations of the Belt and Road Initiative participating jurisdictions.

The BRITACOF is a non-profit official event hosted every 12 months by member tax administrations in rotation. The BRITACOF serves as an effective platform for tax administrations to have in-depth discussions on tax issues of common interest and to engage in active dialogues with business representatives. The first five BRITACOFs were hosted by the Chinese Mainland, Kazakhstan, Algeria, Georgia and Hong Kong, China respectively. The 6<sup>th</sup> BRITACOF was hosted by Nepal in September 2025 and the 7<sup>th</sup> BRITACOF will be hosted by Indonesia in 2026.
