1 Message from the Commissioner

First and foremost, I am pleased to report that all the performance targets of the Inland Revenue Department in the year ended 31 March 2026 have been successfully met and, in many areas, exceeded. This consistent performance fully demonstrates the dedication, professionalism, and hard work of every member of our department. It underscores our unwavering commitment to efficiency, transparency, and service excellence for all taxpayers. I would like to thank my colleagues for their support and contributions.

Over the year, we have continued to improve our services quality and efficiency, as well as system reliability through wider use of information technology, upgrading our computer systems and streamlining procedures. A significant milestone in this journey was the successful launch of our three new interconnected tax portals. “Individual Tax Portal” allows individual users to file their tax returns and manage their personal tax affairs securely; “Business Tax Portal” provides comprehensive online services to enable the businesses to handle tax and business affairs in a more convenient way; while “Tax Representative Portal” enables service agents to access and manage their clients’ tax-related matters electronically. These new portals mark a transformative step forward in our digital services, offering a more streamlined and user-friendly experience.

Looking ahead to the coming year, we will strengthen the effort in promoting the use of electronic services and encourage taxpayers to make greater use of the three new tax portals and electronic filing of tax returns. We will also continue to enhance our electronic services. From April 2026 onwards, the Tax Representative Portal allows tax representatives to handle the jointly owned property matters and employer’s matters on behalf of their clients online, thereby improving convenience and efficiency.

For every step of progress we have made, I would like to thank taxpayers for their recognition and encouragement. Besides, I would like to extend my sincere gratitude to the Users’ Committee for their valuable comments and unwavering support throughout the year. Their engagement is vital to us in providing services that are truly responsive to public needs. We are deeply saddened by the passing away of our late committee member, Mr Peter C W CHOY, and express our heartfelt gratitude for his invaluable contributions to the Users’ Committee.

I am confident that with our continued collective effect, we will be able to further improve the quality of our services and provide highly effective services to the public in the year to come.

CHAN Sze-wai, Benjamin
Commissioner of Inland Revenue

5 Enquiry Service

Description of Service

The Enquiry Service Office is located on the ground and first floors of Inland Revenue Centre. It handles general counter and telephone enquiries received through the general enquiry hotline number 187 8088. The Office also handles enquiries received through the eTAX help desk hotline number 183 2011.

The Office is equipped with a computer network linked to the Department’s Knowledge Database and aims to provide, as far as possible, a “one-stop” service.

For the convenience of callers, the Office has installed an electronic queuing system, so that taxpayers can be served in the order of their arrival time.

The Office operates an Interactive Telephone Enquiry System with 144 telephone lines. Callers can have access, on a 24-hour basis, to a wide range of tax information by listening to recorded messages and obtaining facsimile copies of leaflets and forms. Callers can choose to speak to operators during office hours. A “Leave-and-call-back” facility for recording requests and a “Fax-in enquiry” service are also available.

Information leaflets on topics of general interest are available for collection on the ground floor of the Inland Revenue Centre. The public may also obtain general tax information and download forms from the Department’s website at <www.ird.gov.hk>.

7 Returns Processing

Description of Service

The bulk of the tax return was issued to individuals in May 2025 whereas the bulk of the profits tax return (corporations and partnership businesses) and property tax return (jointly owned properties) was issued in April 2025. Apart from these bulk issues, returns are also issued periodically as and when necessary.

The Department will examine the returns filed by the taxpayers and issue notices of assessment. Cases assessed per return in the first instance may be selected for audit later. In some cases, further information may be sought before assessments are made. Where returns are not submitted, the Department may raise estimated assessments on the taxpayers concerned.

15 Tax Audit and Investigation

Description of Service

The Field Audit and Investigation Unit combats tax evasion and avoidance and promotes voluntary compliance through conducting tax audits and investigations on businesses and individuals.

To ascertain the correctness of tax returns filed by businesses, tax audits are conducted through visits to their business premises and examination of their accounting records. Tax investigation involves in-depth inquiries into the affairs of taxpayers where tax evasion is suspected.

With a view to improving taxpayers' service and increasing transparency in the conduct of field audits and tax investigation, the Department has published its penalty policy. It is available on the Department's website at <www.ird.gov.hk> or via our Fax-A-Form service. Where a penalty in the form of additional tax is imposed on a taxpayer, the notice of additional tax assessment shall show the basis for computing the penalty.

16 Document Stamping

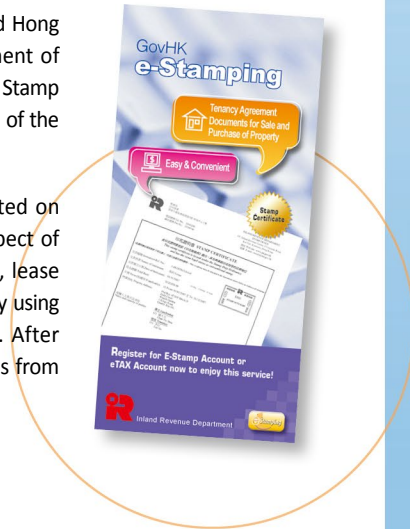

Description of Service

Instruments chargeable with stamp duty (e.g. assignments, sale and purchase agreements of landed properties, lease agreements, contract notes and transfer deeds of Hong Kong stock etc.) are examined and assessed by the Stamp Office. Upon payment of stamp duty, the instruments will be stamped and returned to the applicants. Additional processing time is normally required if values of the properties transferred under the instruments have to be ascertained.

Under the Stamp Duty Ordinance, transfers of landed properties and Hong Kong stocks between group companies are exempted from payment of stamp duty. Applications for such exemption have to be made to the Stamp Office by way of statutory declarations. The applicants will be notified of the result of the applications in writing.

A stamp certificate has the same legal status as a stamp imprinted on an instrument. Duty payers can apply for stamp certificates in respect of assignments, sale and purchase agreements of landed properties, lease agreements, contract notes and transfer deeds of Hong Kong stock by using the e-Stamping service under GovHK <www.gov.hk/estamping>. After payment of stamp duty, duty payers can print the stamp certificates from their own printers.

17 Business Registration

Description of Service

A person carrying on a business is required to apply to the Business Registration Office for the registration of that business within one month of its commencement. All applications for registration must be submitted together with the appropriate business registration fee and levy. On completion of the registration procedures, a valid business registration certificate for the business will be issued.

Under the one-stop company and business registration service, companies are only required to lodge one single application for company and business registration with the Companies Registry. An applicant for incorporation of a local company or registration of a non-Hong Kong company under the Companies Ordinance is deemed to have applied for business registration simultaneously, and is no longer required to apply separately to the Business Registration Office for registration.

The one-stop company and business registration service is not applicable to branches and other types of businesses such as sole proprietorship and partnership.

Starting from 27 December 2023, the Companies Registry and the Department have jointly implemented the simultaneous business registration applications on registration of LPFs. An LPF applicant is only required to lodge one single application for both LPF registration under the Limited Partnership Fund Ordinance and business registration. The applicant is deemed to have made a simultaneous application for business registration.

A company re-domiciliation regime was introduced on 23 May 2025 to facilitate non-Hong Kong-incorporated companies to re-domicile to Hong Kong. Applications for company re-domiciliation can be made via the “one-stop” service jointly provided by the Companies Registry and the Department. Any person who applies for registration of a re-domiciled company will be deemed to have made a simultaneous application for business registration.

Where there are any changes to the particulars of a registered business, such changes must be reported to the Business Registration Office within one month, whereupon the Business Register will be updated accordingly. Under the one-stop notification service, the companies or the LPFs are no longer required to notify the Business Registration Office separately of changes of the following particulars:

For local companies / re-domiciled companies

- company name
- registered office address

For non-Hong Kong companies

- corporate name
- address of principal place of business in Hong Kong
- name and address of authorized representative

For LPFs

- LPF name
- address of registered office or principal place of business
- withdrawal, removal or replacement of the general partner
- particulars in respect of the general partner, including name and Hong Kong identity card number, passport number or business registration number

After the notice or return of changes of the particulars of companies or LPFs is registered or recorded under the Companies Ordinance or the Limited Partnership Fund Ordinance, the Companies Registry will transmit such particulars to the Department.

Besides, by using the electronic one-stop service at the e-Services Portal of the Companies Registry, a company which reports a change of registered office address can opt to request the Companies Registry to notify the Department on its behalf that its business address as registered under the Business Registration Ordinance has changed to its new registered office address with effect from the effective date of change as stated in the e-Form NR1. Therefore, the company can amend its registered office address and its business address in one go.

Any person may, on payment of the prescribed fee, apply to the Business Registration Office for the supply of extracts of information on the Business Register in respect of a specified registered business.

19 Certificate of Resident Status

Description of Service

The Hong Kong Special Administrative Region (Hong Kong) has entered into comprehensive avoidance of double taxation agreements / arrangements (DTAs) with a number of jurisdictions. They prevent double taxation and fiscal evasion, and foster cooperation between Hong Kong and other tax administrations. A person will only be affected by a DTA if the person is a resident of Hong Kong or the other DTA jurisdiction.

For the purposes of claiming tax benefits under a DTA, a Hong Kong resident may apply to the competent authority of Hong Kong for a Certificate of Resident Status (CoR).

After examination of the information, the competent authority of Hong Kong will issue a CoR to the Hong Kong resident. If a CoR cannot be issued, the assessing officer will issue to the applicant a notification of decision either seeking further information or informing the applicant that the application cannot be accepted.

21 Tax Education and Information

The Department firmly believes that taxpayer education can help in promoting voluntary compliance by employers and taxpayers. To enable taxpayers to access tax information provided by the Department around the clock, topics of common interest to taxpayers are uploaded to the Department’s website at <www.ird.gov.hk>. The information uploaded includes a series of Departmental Interpretation and Practice Notes [DIPNs], Tax Representatives’ Corner and e-Seminars. The DIPNs contain the Department’s interpretation of certain tax provisions of the Inland Revenue Ordinance and the relevant practices it would adopt. They serve to enhance the public’s understanding of both the Department’s views and operations. Similarly, Tax Representatives’ Corner and e-Seminars provide detailed guidance to tax representatives, employers, property owners and individual taxpayers on how to complete tax returns and fulfill their tax obligations. To assist the taxpayers further, the Department uploads the frequently asked questions (FAQs) for their ready reference.

The Department has also uploaded to the “Taxes & Duties” cluster under the GovHK tax information and articles specially written for taxpayers such as their rights and obligations under the tax law, what income is chargeable / non-chargeable to tax and what allowances / deductions they may claim.

22 Electronic Filing of Tax Returns

In line with its customer-oriented service strategy, the Inland Revenue Department continues to enhance its electronic services so as to improve the efficiency and user experience. The Department launched three new interconnected portals under eTAX on 22 July 2025, namely the Individual Tax Portal (ITP), Business Tax Portal (BTP) and Tax Representative Portal (TRP). Individuals tax returns, profits tax returns, property tax returns and employer’s returns can be submitted on-line through these portals.

Individuals, profits tax and property tax returns

Currently, the main features of the Internet filing function for individuals tax returns include ‘Pre-filling of data’, ‘Estimation of salaries tax payable’, ‘Saving of data’ and ‘Viewing and Printing’. For the ‘Pre-filling of data’ feature, income details supplied by employers for the year of assessment 2025/26, if applicable, will be pre-filled under “Salaries Tax” of the relevant taxpayers’ electronic returns. In addition, taxpayers can keep records for deductions (e.g. approved charitable donations) under Salaries Tax and Personal Assessment in their ITP accounts in advance. Such records will be used for subsequent automatic pre-filling in their electronic returns. These will save taxpayers’ time in completing the tax returns.

The Department also updated its tax computation function to take into account the tax relief measures proposed in the 2026-27 Budget. Before submitting the individuals tax return through the Internet filing, a taxpayer can calculate the amount of tax payable by him.

As for the filing of profits tax returns, the Department has launched the enhanced e-filing services for profits tax returns where taxpayers can e-file the returns together with the supporting documents (including financial statements and profits tax computations) in inline eXtensible Business Reporting Language (iXBRL) format. To facilitate taxpayers in preparing the required iXBRL data files, the Department provides the IRD Taxonomy Package and the IRD iXBRL Data Preparation Tools which are available for download from the Department’s website (www.ird.gov.hk/e_ixbrl) free of charge. All corporations and partnerships can e-file profits tax returns under BTP for the years of assessment 2022/23 to 2024/25. The e-filing process involves three steps, namely uploading of data files for required forms and supporting documents to profits tax return, completion and submission of the return. Tax representatives can first upload the data files for supplementary forms and supporting documents

and then complete a simplified e-return for their clients' on-line checking and submission. The filers, who can be the precedent partners of partnerships; or the directors, secretaries or managers of corporations, can sign and submit the completed returns using their own ITP account, personal digital certificate issued by a recognized certification authority or "iAM Smart" account with digital signing function. The system will issue an instant acknowledgement for each successful submission. From 1 April 2022 onwards, profits tax returns may also be signed and submitted by service providers for or on behalf of the taxpayers. Other than the aforesaid signing methods, service providers may also use their own organizational certificate issued by a recognized certification authority to file their client's returns electronically through the TRP.

Taxpayers can also choose to file profits tax returns in semi-electronic filing mode, which is a mix of paper and electronic form. A taxpayer can upload the completed supplementary forms and the supporting documents prepared in iXBRL format through BTP, complete and print a simplified profits tax return generated by BTP for signature and submission in paper form.

The Department has also enhanced e-filing services for property tax returns (Form BIR57) to better facilitate owners' compliance to their return filing obligations for their jointly owned properties. Property Tax e-filing service has been upgraded from only support properties with 2 owners to support properties up to 4 owners.

To encourage taxpayers filing tax returns on-line, the Department will grant an extension of time to all e-filers for filing their tax returns. E-filers of individuals tax returns will have one-month automatic extension and e-filers of property tax returns, 2-week automatic extension. For profits tax returns, in addition to the normal extension granted according to their accounting date, e-filers or their tax representatives can apply for one-month's extra extension.

Employer's Return

Under Online Mode of Employer's Return e-filing services, the Authorized Signer of an employer can, through his / her user account in Individual Tax Portal (ITP)/Business Tax Portal (BTP), complete annual Employer's Returns (BIR56A) and IR6036B and submit them together with IR56 form (i.e. forms IR56B/E/F/G/M) data file(s) online to the Department.

Alternatively, Mixed Mode of Employer's Return e-filing services allows employers to submit only IR56 form data file(s) online while BIR56A or IR6036B can be submitted separately in paper form. Employers may designate a person who is not an Authorized Signer to upload IR56 form data file(s) via ITP or BTP. Authorized Signers only need to sign on the printed copy of BIR56A (if for annual submission) and the 1-page Control List generated from the system upon uploading of IR56 form data file(s) and deliver them to the Department to complete the return filing process.

To submit Employer's Returns or Notifications via Employer's Return e-filing services, employers may prepare IR56 forms data file(s) in XML format with the web-based IR56 Forms Preparation Tool or self-developed software approved by the Department. Each data file may contain up to 5,000 sets of IR56 form records.

Fast and easy, intact and secure, e-filing of Employer's Returns via eTAX-BTP/ITP is also environment friendly.
