STAMPING PROCEDURES AND EXPLANATORY NOTES

**Remission of Stamp Duty on
Delivery of Hong Kong Stocks as Consideration
for allotment or redemption of Collective Investment Products**

Backgrounds

Pursuant to the Remission by Class given by the Secretary for the Treasury on 20 October 1999 (the Remission by Class), stamp duty payable on the contract notes and the instruments of transfer executed in respect of the delivery of Hong Kong stocks by an investor to an Approved Collective Investment Scheme as consideration for an allotment of units or redeemable shares in the Scheme, or by the Approved Collective Investment Scheme to the investors upon redemption of such Units or Redeemable Shares are remitted under section 52 of the Stamp Duty Ordinance (Cap. 117) (the Ordinance). The following sets out the procedures of stamping the relevant documents for the purposes of this remission.

Contract Notes to be Executed

2. The delivery of Hong Kong stocks in consideration for an allotment of or a redemption of Units or Redeemable Shares in an Approved Collective Investment Scheme is a sale and purchase of the stocks so delivered. Contract notes are therefore required to be executed by the transferor and the transferee under section 19(1) of the Ordinance. In addition to the particulars as laid down in section 19(2) of the Ordinance the contract note to which a remission of stamp duty is claimed under paragraph (a) of the Remission by Class should bear sufficient indication showing that the transaction of sale and purchase of Hong Kong stocks in question is in respect of an allotment of or redemption of Units or Redeemable Shares in an Approved Collective Investment Scheme within the meaning of the Remission by Class. A sample of a contract note in respect of a transaction on which the remission is claimed at the **Appendix**.

Instruments of Transfer

3. In the case where an instrument of transfer is executed to effect the transfer of the Hong Kong stocks which is qualified for this remission, the instrument of transfer should be produced for stamping together with the related contract notes. The instrument of transfer should bear a statement denoting that the transfer is in respect of an allotment or a redemption of Units or Redeemable Shares in an Approved Collective Investment Scheme.

Application for Remission

4. In order to obtain the remission of stamp duty under the Remission by Class, the Approved Collective Investment Scheme (or its trustee or manager in the case of an unit trust scheme) should, at or before the first time when remission of stamp duty on contract notes and/or instruments of transfer in respect of a qualified transaction is claimed, produce evidence to the Stamp Office to show that the Scheme in question satisfies the definition of an Approved Collective Investment Scheme under the Remission by Class. Such evidence may include a copy, certified by the Approved Collective Investment Scheme, of the written authorization issued by the Securities and Futures Commission under section 104 of the Securities and Futures Ordinance (Cap. 571) (formerly section 15 of the Securities Ordinance (Cap. 333)). After satisfying that remission is due, the Collector of Stamp Revenue will confirm in writing and will advise the Approved Collective Investment Scheme of a Remission Reference. Any subsequent request for remission and stamping of contract notes and instruments of transfer in relation to the Scheme can then be processed speedily if the Remission Reference is quoted on the respective documents.

Stamping of Instruments

5. Contract notes and instruments of transfer which are claimed to be qualified for the remission of stamp duty under the Remission by Class should be forwarded to the Stamp Office for stamping. Under the Ordinance, the documents have to be stamped within **2 days** after the day of transactions. The Stamp Office, however appreciates that there will be difficulties to ensure the settlement of the stocks in question on the second day after the day of transaction, it will accept submission for stamping of the instruments to which

the Remission by Class relate within **3 days** after the day of the transactions. Instruments bearing the Remission Reference can normally be stamped within the same day of submission.

6. The contract notes, if approved for remission, will be stamped with a stamp denoting the granting of stamp duty remission bearing the following wordings -

Stamp Duty chargeable on this instrument has been remitted under section 52 of the Stamp Duty Ordinance 1981.	
Authority: in	Asst. Collector

7. The connected instrument of transfer will be stamped with a similar stamp as aforesaid to denote the remission of the fixed stamp duty chargeable on it under head 2(4) in the First Schedule to the Ordinance. In addition, it will be endorsed with a stamp showing that the ad valorem stamp duty in respect of the transfer is “paid” (since under section 52, the stamp duty remitted shall be deemed to have been paid for the purposes of the Ordinance) as follows -

Deemed paid under section 52(2) of the Stamp Duty Ordinance

Enquiry

8. Any enquiry as to the application for remission or the stamping of the relevant instruments in this regard can be directed to the Superintendent of Stamp Office (General) at telephone number 2594 3163.
