STAMPING PROCEDURES AND EXPLANATORY NOTES

Contract Notes

Contract notes are required to be executed and stamped within a specified period (see para. 6 below) after any sale or purchase of Hong Kong stocks is effected. While there is no specified format of such instruments, the Stamp Duty Ordinance (Cap.117) requires that a contract note should contain the following particulars:-

a) whether the person effecting the sale or purchase of the Hong Kong stock is acting as principal or agent and, if as agent, the name of the principal;
b) the date of the transaction and of the making of the contract note;
c) the quantity and description of such Hong Kong stock;
d) the price per unit of such Hong Kong stock and the amount of the consideration or, in the case of an exchange, particulars of the property for which such Hong Kong stock is exchanged; and
e) the date of settlement.

2. Contract notes are stamped by reference to the price paid. If the price paid is below the market value of the shares, stamp duty will be assessed based on the market value of the shares as at the date of sale and purchase/transfer of the shares. For quoted shares, the last closing price of the stock in the Stock Exchange of Hong Kong will normally be accepted as the value of the share transferred for the purpose of calculating stamp duty. In the case of unquoted shares, the value of the stock has to be ascertained from the latest accounts of the company in respect of which share(s) therein is/are to be transferred. Other supplementary information may also be requested by the Stamp Office if so warranted.

3. Contract notes are NOT required in the case of transferring shares as a gift. In such a scenario, the instrument of transfer is chargeable to a fixed duty of $5 each plus the full ad valorem stamp duty by reference to the value of shares transferred in accordance with the basis stated in paragraph 2 above.

4. You may choose one of the following methods to stamp contact notes and instruments of transfer.
